## Pastor's Corner

**"We invite everyone to become disciples of Christ by loving and serving God and actively living out their faith." That is our mission statement and that is what we tried to do last Sunday at the Gathering of Neighbors.**

Last Sunday there was something for everyone. **"Thank God for Kids"** was a wonderful program for children and it gave all of us an opportunity to invite our children or grandchildren or children we know in our neighborhoods to come and hear about the **Lord's love in uplifting way.**

After that program we did what every good United Methodist does—we invited folks to come and share a meal with us. We fed close to 240 people.

At 6:30 we had a Celebration Service with hymns and special music by Russ and Janice Shank, --**Hugh & Nancy Ramsey's** grandson and wife. What a wonderful job they did for us! This was followed by Jim Lavender preaching. We had many guests who stayed for that, and left uplifted.

I want to thank all of you who invited someone, who brought someone, who reached out to neighbors and friends. To be **a Christian in today's world you have to reach out in love and service.**

I hope you become an inviter, invite your friends to your Sunday School Class, invite them to our weekly prayer meeting, invite them to worship. No one comes to

church today if they are not invited. Have you invited someone?

Sunday was a success because we all worked together. We want to thank Barry Minnick and his crew for cooking the hamburgers and hot dogs; Chris Furry and his team for setting up and taking down; Lena Osborne and her crew for serving the food, and feeding the multitudes. I believe we served almost 240 people!

We want to thank Graham Witt and the youth for setting up the tables, for handing out snow cones and cotton candy, and **providing some games after the "Thank God for Kids" program. We also appreciate all of you who stayed and cleaned up.**

As you know, this Saturday is Dayton Days. For many years our UMW did this booth on behalf of the church. They gave the proceeds to the church. For the last several years the money has been used on the mortgage. We want to thank them for all their selfless work for the church. This year the NOW committee invited the church to man this booth. For all who participate in Dayton Days by giving your time and talents and donating items we thank you!

See you in worship!  
Steve

### Missionary Luncheon Set for November 12th

The Rev. Dr. Romeo L. del Rosario (Romy), missionary with the General Board of Global Ministries will be visiting churches in Virginia. He serves as country director of the United Methodist Mission in Cambodia. As country director, he is administrator and supervisor of mission programs/projects with a team of workers that includes Cambodians and nine missionaries from different parts of the world.

During the past two years, Romy served consecutively as superintendent of two districts encompassing four provinces, as well as teaching at the Cambodian Methodist Bible School and chairing the theological education committee, which oversees the continuing theological training of pastors and church workers.

Despite a rich cultural heritage and the diverse gifts of its peoples, Cambodia has

extensive poverty and hunger in its countryside, villages, and cities. Most Cambodian families were touched by the genocide that was perpetrated by Pol Pot's regime in the 1970s.

The Killing Fields are a constant reminder of the terror that robbed Cambodia of its middle-aged population, its scientists, professionals, and artistic and spiritual leaders.

## We Walk Because They Walk

Did you know in this country and around the world, millions of children, women, and men will go to bed hungry tonight? They are people just like you, but because of poverty they must:

walk for food; walk for water; walk for firewood;

walk to escape violence; walk to seek shelter; walk to farm their fields; walk to find employment; and walk to go to school.

## WOMEN AND CHILDREN

In Africa alone, people spend 40 billion hours every year walking for water. Women and children usually bear the burden of water collection, walking miles to the nearest source, which is unprotected and likely contaminated.

Time spent walking and resulting diseases keep them from school, work and taking care of their families. Along their long walk, they're subjected to a greater risk of harassment and sexual assault. With safe water nearby, women are free to pursue new opportunities and improve their families' lives.

## Crop Hunger Walk

On Sunday, November 2 at 2 p.m., the Bridgewater/ Dayton Area CROP Hunger Walk will bring help and **hope to God's hungry children** across the street and around the world. Prior to that day, members of area churches and Bridgewater

College students will ask others to sponsor them for every kilometer of the 10K (6.2 mile) or 5K (3.1 mile) route they will walk. On that day, they will gather at the Bridgewater Community Center to enjoy good fellowship, good exercise, and the good feeling of knowing

## November 2

they are making a life-saving difference.

If you would like to participate in the CROP Hunger Walk, please contact Bridgewater College Chaplain Robbie Miller at [rmiller@bridgewater.edu](mailto:rmiller@bridgewater.edu) or 540-828-5383.

## October 30th

## A TYPICAL DAY IN THE LIFE OF A YOUTH

**U.S. Youth:** I've had a busy Saturday! I went to a museum, helped wash the car and made \$10 by setting up a lemonade stand. Then we ordered pizza and watched a movie!

**Global Youth:** I've had a busy Saturday. I walked four hours to get water for my family. Then my mom and I walked to the market to buy grain. After the market, I washed our clothes by hand in a bucket of water. Then I collected firewood so we could make porridge for our family's meal.

**Reporter:** We are so blessed to have easy access to food, water and education in the U.S. We can get our food delivered, have our water at the turn of a tap and take time for learning at fun places like museums. But many in this world have to walk for miles every day to get the things that we often take for granted. Women and children in countries like Kenya, Pakistan or Bolivia spend countless hours each day in search of food, water and other resources. What might we do to help?

**U.S. Youth:** I've had a busy Sunday! Because I know CROP Hunger Walks can help people throughout the world to have food, water, tools, safe schools and more, I called my grandparents, and emailed my aunts and uncles and asked them to sponsor me. Every dollar we raise for the CROP Hunger Walk feeds the hungry and gives clean water to the thirsty! With their support and my allowance for next week, I'm going to make a difference!

**Global Youth:** I've had a busy Sunday! Thanks to the new CWS well in my village, I only walked a few yards to get water ... and it was clean! I didn't even have to boil it! After my chores, I had four extra hours to do my homework for school tomorrow and I even played some soccer! What a wonderful day!

**Reporter:** You can make a difference, too! Walk in the CROP Hunger Walk on November 2. The donations you collect will help to provide resources for healthy, sustainable lives.

For more information, check out [crophungerwalk.org](http://crophungerwalk.org) online to find out more about the CROP Hunger Walk and help you get started on our goal of changing lives.

## Thank you for your help with the Gathering of Neighbors!

The NOW Committee would like to thank all those who help with the Gathering of Neighbors event. It was estimated that at least 225 people stayed for supper and there were more here for the "Thank God for Kids" program presented by Dr. Jim Lavender. A big "Thank You" to all of you who provided food. It seemed the dishes multiplied from what was indicated on the sign-up sheet!

First, we'd like to thank all of you who came to take part in the events. We met many neighbors and saw a "gathering of community"! We reached out and touched. There were many folks from other United Methodists churches in the

District. "Thank You" to our District Superintendent for promoting this event and for the District helping us bring Dr. Lavender here. Many of our guests stayed for the celebration service in the sanctuary following supper.

It took many people and many hours to pull this together. So, special appreciation and thanks go to Barry Minnick and his grilling crew, to Chris Furry and his set-up crew, to Lena Os-

bome and her kitchen and clean up crews, to Debby Roadcap for taking pictures, to the UMM for directing parking, and to Graham Witt, the youth, and parents for "manning" the snow cone and cotton candy machines and seeing to it that all the kids (no matter the age!) got a treat while watching the show!

The day was beautiful, the food was plentiful, the help was willing and able, and there were many smiling faces--blessings all around--the Spirit was present.

## Thanks from the Haiti Education Foundation

The 2014-2015 school year is about to begin in Haiti. I am sure that teachers and students are thinking about getting back to the classroom!

In a country where education is not guaranteed, there is a much different value placed on the opportunity to attend school. Thank you for your gift which makes this

possible for these students and teachers!

We look forward to the possibilities that a new year brings! Please keep HEF, the students and teachers in your prayers. Your gift is greatly appreciated and does create opportunity for many children living in the remote mountains of Haiti.

Blessings,  
Vicki Lambert  
Financial Secretary

Thank you!

Dear Friends in Christ,

Your recent mission project at Overlook is part of a proud tradition of our church. For a number of years our churches wanted to have a place for youth to gather for fellowship and faith. After renting sites for several seasons they purchased land and started Overlook, 49 years ago! Ever since that time, volunteer teams have stepped forward to build buildings, cut trees, paint, landscaped, and prepare the

setting for special experiences with God. Such teams built the building you stayed in and have painted it several times.

The weekend following your preparations at Glovier Chapel, 175 college students gather there for praise, worship, and study. A couple weeks later the powerful Emmaus Walks will happen in the same space. Most of what you worked on, seeding, landscaping, and cleaning, grew out of the need to restore facilities from the

from Camp Overlook

wear and tear that youth and children exerted during their fun, fellowship and faith building this summer.

I know you experienced a lot of hard work but it is all for a very good cause. Thank you!

May you continue to love and share as you live and serve in His Grace!

Blessings,
